

Tornado4000

The All-In-One Battery Charger

The Tornado 4000 is a versatile and safe all-in-one battery charger. With this product, you will be able to reverse the damaging effects when batteries are left uncharged for extended periods of time, saving you the money that would be spent replacing the battery. The Tornado 4000 minimizes energy consumption when full power is not needed, improving the performance and longevity of the batteries in your shop. With intelligent microprocessors, this product will charge two times faster than standard chargers, so you can offer timely and efficient services.

Features

- Battery Maintainer, Trickle Charger, and Battery Desulfator
- Includes 8 Charging Modes
- Compatible With 6V & 12V Lead-Acid and 12V Lithium-Ion Batteries up to 150Ah
- Offers a 10-Step Smart Charging Technology
- Charges Two Times Faster Than Ordinary Battery Chargers
- Works In Cold Temperatures
- Provides a Safe 24/7 Connection
- UV Resistant & IP65 Waterproof Enclosure
- Intuitive LED Indicators

What's in the Box

- The Tornado 4000
- 1 User Manual

Specs

- Input Voltage AC: 100-240VAC, 50-60Hz
- Working Voltage AC: 100-240VAC, 50-60Hz
- Power: 65W Max Charging Voltage
- Various Charging Current: 4A (12V) 4A (6V)
- Low-Voltage Detection: 2V(12V), 2V(6V)
- Back Current Drain: < 5mA
- Working Temperature: -4°F to 104°F
- Storage Temperature: -4° to 130°F
- Charger Type: 10 Step Smart Charger
- Type of Batteries: 6V & 12V
- Battery Chemistries: Wet, Gel, MF, CA, EFB, AGM & LIB
- Battery Capacity: Up to 150Ah (6V & 12V)
- Dimensions: 8.09x2.92x1.83 inches
- Weight: 1.20 lb
